7 Key lessons I've learned

Lesson 1

We can go to church and not meeting Jesus, but go to a church anyway. The odds are higher that we will meet Jesus.

Lesson 2

Guilt is not repentance. We can feel sorry for sinning and do it again (and again). Repentance comes when we are tired of paying the bills of our foolishness.

Lesson 3

If we want to find God, seek Him. He will find us.

Lesson 4

It is great to see signs and wonders but they don't change us. We can still be a devil inside us after seeing it.

Lesson 5

Change begins with our inner life. Relentlessly eliminate contempt, anger and hurry because they can seriously limit us. We can't run with a broken leg.

Lesson 6

We can build our ministry on giftedness, skills, experiences and connections but it won't last long without character. If we want to go far, go deep in our character.

Lesson 7

Character transformation takes place when we abide with God. Transformation is a result of our responsiveness to the Holy Spirit and letting Him take control of our life.
